

Introducing Secure Cloud Desktop by IT Weapons

THE VIRTUAL DESKTOP EXPERIENCE FOR YOUR HYBRID WORKFORCE

COMBINE THE POWER OF AZURE VIRTUAL DESKTOP WITH IT WEAPONS' CLASS LEADING MANAGED SERVICES AND SECURITY CAPABILITIES, TO DELIVER A SEAMLESS VIRTUAL DESKTOP EXPERIENCE TO YOUR USERS.

With a majority of organizations moving towards a fully remote or hybrid workforce, new employee onboarding and equipment needs are increasing. A Virtual Desktop Infrastructure setup will create a consistent and secure environment to work in.

Why Secure Cloud Desktop?

- Allows quick and efficient onboarding
- Ensures security, whether employees are working in office, remotely or using their own devices
- Robust and cost controlled alternative to traditional VDI and endpoints like laptops
- Cost effective 'Auto-Scaling' ensures you only pay for the resources that your employees use
- Consistent user experience through Windows 10
- Access your office desktop through any smart device at any location
- Secured by Azure MFA and IT Weapons' Managed Anti-Virus Service
- Fully managed by IT Weapons, ensures timely updates with continuous monitoring and reporting
- Optional End User Support Add-on available with IT Weapons' Service Desk*
